The first volume in Alexander Cordell's classic trilogy of mid-nineteenth century Wales. Set in the grim valleys of the Welsh iron country during the turbulent times of the Industrial Revolution, this unforgettable novel begins the saga of the Mortymer family - a family of hard men and beautiful women, all forced into a bitter struggle with their harsh environment, as they slave and starve for the cruel English ironmasters. But adversity could never still the free spirit of Wales, or quiet its soaring voice, and the Mortymers struggle on even as the iron foundries ravish their homeland and cripple their people. Rape of the Fair Country launched the bestselling career of Alexander Cordell in 1959 and went on to sell millions of copies in seventeen languages throughout the world.
