Entrepreneur Melissa Carbone scares people for a living—and she does it so well, she has her market cornered. Melissa Carbone's company, Ten Thirty One Productions, creates immersive horror experiences with life-like monsters and magic and other frights. More than 500,000 guests have attended her attractions and they show no sign of slowing down. But it wasn't always this way—an activist and lifelong horror fan, Melissa built her brand from the ground up, and in order to do that, she had to surmount her number-one obstacle: fear of failure. Known for securing one of the largest investments in the history of the show from Mark Cuban on ABC's Shark Tank, Melissa lives by the philosophy that it's important to dream epically and have the guts to jump for it. And success has followed. Collaborations and relationships with iconic industry and political leaders like Live Nation, Legendary Pictures, and the White House are just a small piece of the story. In Ready, Fire, Aim: How I Turned a Hobby Into an Empire, Carbone shares her philosophy of embracing all the shots that hit—and the ones that missed—that enabled her to turn her hobby into an empire. She will reveal the secrets, tips, and anecdotes that can help you turn your dreams for your career into your reality. You will find inspiration to: • Choose boldly: Choose to be in the top .1% of successful individuals—every day • Activate your ideas: Activation is where millionaires and billionaires are made—this is the key difference between the dreamers and those who have it all • Kill the fear of failure: Failure is the best way to prepare you for success Building your empire will require constant learning, reinvention, and growth. Wikinomics and The Wisdom of Crowds identified the phenomena of emerging social networks, but they do not confront how businesses can profit from the wisdom of crowds. WE ARE SMARTER THAN ME by Barry Libert and Jon Spector. Foreword by Wikinomics author Don Tapscott, is the first book to show anyone in business how to profit from the wisdom of crowds. Drawing on their own research and the insights from an enormous community of more than 4,000 people, Barry Libert and Jon Spector have written a book that reveals what works, and what doesn't, when you are building community into your decision making and business processes. In We Are Smarter than Me, you will discover exactly how to use social networking and community in your business, driving better decision-making and greater profitability. The book shares powerful insights and new case studies from product development, manufacturing, marketing, customer service, finance, management, and beyond. You'll learn which business functions can best be accomplished or supported by community; how to provide effective moderation, balance structure with independence, manage risk, define success, implement effective metrics, and much more. From tools and processes to culture and leadership, We Are Smarter than Me will help you transform the promise of social networking into a profitable reality.

Trust God to guide the moving bullet. Ready, Fire!... before aiming? That's irresponsible advice if you're holding a weapon but it is often the reality when following God on the journey of faith. Using his story and the first fourteen years of Kingdomcity as a backdrop, Mark Varughese encourages every reader to embrace the adventure that comes with saying 'Yes' to God, without hesitation. Mark and his wife, Jemima, have spearheaded the startling growth of Kingdomcity, a global multi-site church of over 30,000 people across ten countries. In Ready, Fire! Aim, Mark recalls the profound burning-bush experience which triggered his move from Australia to Malaysia to start a church in early 2006, and the adventure that followed. He transparently shares his journey and the convictions that have underpinned it, to encourage and inspire you to take the risk that your dream may just need to become reality.

The lively, insider story of the rise and rise of New Zealand's most successful logistics company. This is the story of a company built on the belief that with passion anything is possible. As they say at Mainfreight, 'Go anywhere as long as it is forward'. Mainfreight was founded in 1977 by the visionary Bruce Plested, who set out to make the company a family, a team, where everyone has a share in the riches and where the word 'management' is banned. The Mainfreight instruction manual is short: Feel the fear but do it anyway. This is a world where budgets are deemed 'bullshit'. Why spend time preparing figures that are invariably out of date before the ink is dry? Just make more than last year. It's also a world based on generosity: Mainfreight is the backing force behind Books in Homes, and offers tertiary scholarships to the children of all its employees. Did the rise to NZX sharemarket darling all go smoothly? Not for a minute. Initially there would be catastrophic ventures in Australia and America and finally a jaw-dropping moment in Europe when Don Braid and his team made their biggest purchase ever only to see most of the turnover and half the profit walk out the door. This book takes you on a warts-and-all exploration of Mainfreight's journey from small transport company at the bottom of the world to truly successful global logistics company.

The roots of Skinhead culture goes back to a time when black and white youth united under the banner of music and community as immigrants from Jamaica arrived on the shores of England in the late 1960s. England's "mod" meets Jamaica's "rude boy" - the result is the "skinhead." A decade later, portions of that world became co-opted by the far right wing, in an effort to polarize the vote toward a fascist and intolerant British state. Often underpaid or unemployed youths became an easy target for propaganda and the promise of violence. This was the birth of the Neo-Nazi Skinhead. But the true Skinhead movement continued to endure through the multicultural spirit of its origin. Refusing to die, it found new residence worldwide. And the war of the Skinheads began. George Dachs is growing up in Milwaukee, WI in the early 90's. The only son of a single mother struggling with depression, his living conditions have exposed him to the adult world at a very early age. His upbringing does not reflect the American value system of the post-Reagan era. As he races towards his mid-teens, his search for some semblance of familial structure in his life is threatened by his own confused, violent tendencies. George finds solace and acceptance in the local chapter of the non-racist Skinhead crew. The Brew City Skinheads are determined to take down the various white power and Neo-Nazi movements throughout the Midwest. This is a crusade that will come to change George's life forever. He quickly rises through the ranks, bringing together elements of the Black and Jewish communities of the city, and staging violent and criminal attacks on various racist groups. As he struggles to maintain a moral foundation, he confronts race, religion, sexuality, violence, drugs, addiction and friendship in the most visceral and explosive ways. The debut novel by Kevin Triggs, Ready, Fire, Aim gives readers a look into one of America's truly yet undiscovered battlegrounds. Told with raw honesty, fragility and humor, this book will shake you to the core.
