Melissa's attraction to her new boss is immediate and irresistible. But so is her sense that he's fighting an otherworldly battle, and needs her help to survive. Her dreams never lie... And in those dreams, a man who looks a lot like Alex murders a woman who looks a lot like Melissa. To help him means putting herself in danger. To turn away means safety for her, but his very soul is at risk. What they don't know might kill them... A powerful evil from beyond the grave seeks to steal Alex's life, and will take Melissa's too, if she gets in the way. Is the power of love stronger than

Online Library Trollbundet Sagaen Om Isfolket 1 By Margit Sandemo

the power of evil?

Silje Arngrimsdatter var bare sytten da pesten drepte alle slektningene hennes i 1581. Utsultet og forfrossen, og med to foreldreløse små barn å ta hånd om, nærmet hun seg likbålene utenfor Trondheim for å få litt varme i kroppen. Underlig nok var det bare én som hjalp Silje i nødens stund? en mann av Isfolkets ætt, som Silje fant dyrisk og skremmende? og underlig tiltrekkende på samme tid.

The footprints were frightening: one naked human foot – and another that couldn't be properly identified. He roamed the country like a devil, killing everyone who got in his way. Dominic, Villemo and Niklas of the Ice People understood that this was the devil they had been chosen to stop. But who was he – and how were they going to neutralize a monster who appeared to be immortal...

In Depths of Darkness, Sol Angelica, the beautiful and restless niece of Tengel, becomes the focus of the story. At twenty years of age she is able to give full and free rein to her long-held wish to seek out ancient witches covens in the lowlands and to worship the Powers of Darkness unrestrainedly. At last she feels ready to fulfil all her secret and depraved dreams of power and carnal passion. Yet like her uncle Tengel, all her impulses are not evil - it is not only the dark powers that guide her. And she finds she is ready to give her life to protect those nearest and dearest to her.

Seventeen year-old Silje Arngrimsdatter struggles to come to terms with the harshness of life in a high mountain valley among the witches and warlocks of the mysterious Ice People. Having fled there for her life with her adored 'wolf man' and two foundling infants from the Trondheim plague, Silje has bravely borne their first child.

At long last, Heike Lind of the Ice People reached Norway to take possession of his rightful inheritance. But when he arrived, he found that all his relatives had passed away and unscrupulous bandits had seized his property. Heike did not know what to do – but then he discovered a shy girl who roamed the forest like a shadow ...

In Evil Inheritance Mattias, a good-hearted grandson of Silje and Tengel inherits the vast, secret collection of Ice People medicines and formulas, including an all-powerful mandrake root. But the ominous Kolgrim wants the collection for himself and lures Mattias to a meeting in the depths of the infamous Kongsberg silver mines where slave children are forced to work without any hope of release. Kolgrim escapes with the collection of balms and potions and returns to the high Valley of the Ice People in search of a vital cauldron of evil water.

It was not until Sölve Lind was nearly grown up that he discovered that he was one of the “touched” of the Ice People, and that he had abilities that were out of the ordinary. He always got what he wished for, even when his wishes were selfish or even criminal. Sölve cynically took advantage of his abilities to gain wealth and seduce beautiful women. But one day he was told that he had a son – a monster, whom no one in the world must ever see ...

Belinda was the black sheep of the family, a naive and clumsy girl who had always

Online Library Trollbundet Sagaen Om Isfolket 1 By Margit Sandemo

stood in the shadow of her beautiful and talented older sister, Signe. But the feelings that burned within Belinda were as hot as fire. When she first met the loner, Viljar of the the Ice People, she grew frightened. For people considered Viljar to be slightly mad, and his gaze was as cold as ice.

His name was Tamlin, and Tengel the Evil had sent him to spy on the Ice People. He would visit them in their nightmares, tricking their plans for the future out of them. But Tamlin hadn ' t reckoned with young Vanja, who had very special talents even compared with those of the Ice People. Whereas Tamlin was invisible to everybody else, Vanja could see him – and fall in love with him.
